REPUBLICAN PARTY OPENS FIRST POST

Go On Record as Opposed to Extravagance and Censure Administration for Attitude.

Washington, Dec. 10 .- "If we go mto this campaign upon a platform of economy and efficiency in public administration, of firmness and justice in our foreign relations and of constructive and practical progress towards pur domestic development, we shall be overwhelmingly successful." This was the keynote sentence of the

keynote speech of Covernor William Sproul of Pennsylvania, in opening the first post bellum conference of the Republican national committee here today at the new Willard called by Chairman Will H. Hays for the purpose of naming a time and place for the Republican convention next

The Democratic party was evcorciated by Governor Sproul, for its "disgraceful and humiliating" manner of lling in the private and personal affairs of the people;; its "rape of the railroads"; its foreign policy, and its 'administrative weakness.'

"Upon the termination of the issue to be fought out next year," the speaker declared, "depends not only the progress but the safety of the republic.

Gov. Sproul indicated his belief that the Republican platform would contain such material as will "change the opinion held by so many people abroard that we are a nation of four flushers and bluffers."

Figures secured by the Memorial Hospital committee, from cities and hospitals over Ohio, prove that where the institution is well managed, that they not only show a favorable financial report but in many cases a substantial profit.

E.DOW BANCROFT

Leader in Evangelistic Forward Movement Makes Stirring Appeal.

Emphasizing the lack of business en-thusiasm in the work of the church in the past, and touching on principles aiding in the promoting of this work in the future, E. Dow Bancroft, representive of the Cincinnati area of the Methodist church in its evangelistic forward movement addressed one of the largest church gatherings in the history of Xenia, Tuesday night. The meeting was started with a banquet at which 254 were present and was held at the First M. E. Church.

Griffiths hired a Dayton taxi man to take him to Washington C. H., and was returning Tuesday evening when the machine went into the ditch along the Wilmington pike. A Wilmington bus line driver pulled the machine from the ditch and recognized Griffiths, calling his father at Sabina. The elder Griffiths at once telephoned made near the O. S. & S. O. Home as the taxi was coming into this city.

Griffiths said he had hired the taxi man to take him to Washington C. H. to visit his girl and that he had paid him \$18 for the trip. He had \$135 on his person when arrested and was returning to Dayton to "have a good time."

When arrested Griffiths gave his name as "Smith," and when asked if cerned and called a meeting of their his name was not Griffiths said "No. I am pretty sure its Smith."

NOTICE TO ORGANIZATIONS ON ANNOUNCEMENTS

"Conserve newsprint or suffer a paper famine" has been the warning of paper mills to publishers for the past few months. This prediction is fast approaching actuality and in order to protect themselves and their customers, publishers have been forced to cut down their consumption of paper.

With this idea in mind the Gazette and Republican recently announced that a slight charge would be made for announcements of meetings which they had, prior to that time, printed free. Realizing that this ruling would work a hardship on many organizations, such as G. A. R., Social Service League and W. R. SENATE ASSAILS RAILROAD BILL: **VOTE DELAYED**

Washington, Dec. 10.-Critics of the Cummins railroad bill launched a new and heated attack on various provisions of the legislation designed to meet conditions incident to the forthcoming return of the railroad prop-

Senators LaFollette, Republican, Wisconsin, and Dial, Democrat, South Carolina, led the renewed attack, and their discussion of the bill occapied virtually the entire session. The result was that the measure was no nearer passage. Leaders, however, expressed hope that a final vote would be reached before the end of the

During the debate Republican lead ers of the senate and house conferred regarding holiday recess plans and leaders of the lower branch were as sured that there is every prospect of having the railroad legislation sent to conference before the holiday recess, planned to begin Dec. 20. Final enactment is not probable, the leaders agreed, until after congress reconvenes next month. Confidence was expressed by the conferees, however, that President Wilson would await enactment of the legislation in January before turning back the properties.

In his attack on the bill, Senator LaFollette opposed immediate return of the railroads to private ownership as impracticable, urged a five-year extension of government control and charged that the pending measure was virtually for the benefit of the railroads. The measure, he said, would not improve conditions that have surrounded railroad operations in the past. If the roads are to be turned back, he contended, it would be better to do it without any legislation than under the provisions of the Cummins bill.

Senator Dial denounced especially the bill's provisions for a guaranteed return to the railroads of 51/2 per cent on their fair value and added that parts of the bill were "dreams and illusions," as well as impracticable.

Senator McKellar, Democrat, Tennessee, joining in the same criticism, asserted that the rate guarantee could not be enforced in the courts. Senator Curtis, Republican, Kansas, and Pomerene, Democrat, Ohio, defended the rate provision.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat reguarly can make a mistake by flushing the dneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get cluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly al rheumatism, headaches, liver trouble nervousness, dizziness, sleeplessness and urinary disorders come from sluggish

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney

You Can Tell Which People Have Iron in Their Blood—Strong

Healthy, Vigorous Folks-

City Physician Says Ordinary Nuxated Iron Will Increase the Strength of Nervous, Run-down People in Two Weeks' Time in Many Cases.

One glance is enough to tell which people have iron in their blood. They are the ones that do and dare. The others are in the weakling class. Sleepless nights spent worrying over supposed ailments, constant dosing with habit forming drugs and narcotics, and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissue and, therefore, nothing you eat does you good; you don't get the strength out of it. When iron is supplied it enriches the impoverished blood and gives the body greater resistance to ward off disease. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. And this, after they had in some cases been going on for months without getting benefit from anything.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old iron to help put color in your cheeks and sound, healthy flesh on your bones. But you must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

As to we of Ohio, our "favorite son." Hon. Warren G. Harding, now one of our U. S. Senators, seems to be somewhat handicapped by a movement of a few weeks ago when some prominent republicans took upon themselves to demand that he declare whether a candidate for the Presidency or for re-election as U. S. Senator. He took umbrage at this. and some hard feeling resulted. Senator Harding's first prominent introduction into national politics came when he made the nominating speech for Justice Hughes at the last National Republican convention. We note that his name as a Presidential candidate stands a good third in prominence at Washington this week. He is a newspaper man, editor of the Marion Star, and he will undoubtedly have considerable support from the fraternity.

One of our brainiest Ohio business men, Colonel William Cooper Proctor, President of the great Proctor & Gamble Ivory Soap Company, Cincinnati, has announced his acceptance of the chairmanship of the Leonards Wood national campign committee. This is a matter which will cause the other Presidential candidates to sit up and take notice, for Colonel Proctor has a "get there" reputation among

business men. All the avowed candidates and those who have hopes will be on hand at Washington this week with their managers to sound out the hopes of success among the party representatives.

Many of the presidential boomlets will be born and will die this week, or, at the most, be used for favoriteson movements available for trading purposes in the national convention.

"GREAT HERRMANN" AND MINSTREL CO. TO BE AT OPERA HOUSE

Hermann and company, in a feast of mystery, magic, maids, music, song and dance, fun and frivolity, will appear at the opera house Friday evening, under the management of C. L.

Felix Herrmann, is a nephew of Alexander Herrmann the great and is one of the leading magicians before the American public today. This season, however, he is varying his magic art with music, dancing and blackface art, since the opening of the show is a big minstrel p.oduction, for which Herrmann carries a large company with him.

Miller's band and orchestra furnishes the music in the minstrel first part in which Billy Heims of Edison phonograph record fame, plays a prominent part. The Ferraros, the Dancing Du-Browns, Mlls. Dazza, Doris LaRue and Bessie Smith, winner of the winter Garden medals as the most beautiful girl in America, convert the offering into a riot of vaudeville, fun, music and dancing.

GENERAL PERSHING **GIVES ENDORSEMENT** OF R. C. SEAL SALE

General John J. Pershing, commander of the American expeditionary forces, ha s written a strong etter to the National Tuberculosis association indorsing the Red Cross Christmas seal sale. These little stickers, sold each year during the holidays, are a big tactor in the fight against the white plague. This year more than 650,000.000 Red Cross Christmas seals will be sold in an effort to raise \$6,500,000 for the intensive educational campaign against tuberculosis conducted by the National Tuberculosis association "It gives me great pleasure to

heartily indorse the Christmas seal sale being conducted under the auspices of the American Red Cross and National Tuberculosis Association," writes General Pershing. "It is deserving of loyal port and every success.' The local sale of seals is progress

ing in good shape, with nearly \$100.00 taken in. More workers, and more seales however will be needed immediately if Greene county is to go over the top in the annual drive.

Next week the school children will be given seals to sell, in Xenia. In the county the schools are already disposing of the stamps, and indications now point to the fact that the western part of the county will eclipse the eastern in the amount sold.

Eighty per cent of the gross ceipts will go to the local Social Service League for use in Greene county, and the balance will be turned over to the National Red Cross.

ARREST TWO THOUGHT IMPLICATED IN TOL BILLY DANSEY GASE

Hammonton, N. J., Dec. 10.-With a man and a woman in custody, further arrests were expected today in connection with the death of 3-yearold "Billy" Dansey, whose skeleton was found in Folsom swamp six weeks after his disappearance from his home on Oc-

The persons already under arrest are Charles S. White, next door ne. bor to the Danseys, and his housekeep-er, Mrs. Edith L. Jones. Both denied knowledge of the crime. For fear that the people of Hammonton might undertake violent vengeance both were lodged in jail at Mays Landing.

White is 29 years old and his three year old son "Charley" was a playmate of the Dansey boy. White took an active part in the search for the missing land and led posses on several occasions that combed the nearby

GIRL IS CHARGED WITH MURDER

Columbus, O., Dec. 10.—First degree murder is likely to be the charge placed against Miss Ella Jackson, 24, former Sunday school teacher, here today for the murder of her newly born baby girl ten days ago.

Miss Jackson, who is colored, told the police that she saturated a cloth in carbolic acid, and wiped off the baby's lips. Then she dipped the rag into the poisonious acid again and placed it in the child's throat so that the acid could get into the baby's throat.

BEAVERCREEK TWP.

Rev. Tapey, pastor at Beaver and Mt. Zion churches, after eleven years of services in that capacity has tendered his resignation in order that he may accept a call given him by a rural church in Indiana. His long service here has made him acquainted with most everyone in the township, and the nearer the close of his pastorate here the more keenly the friends realize how closely he was connected in the community life. He delivered the message of salvation; he spoke the "Magic Words," which bound two hearts as one; he it is who spoke peace to the dying, and comforted the sorrowing when they laid to rest their loved ones. The church will find his place hard to fill. No announcement has been as to his

NEW RECORD IN TEMPER AS MERCURY DROPS

Denver, Colo., Dec. 10.-A new seasonal minimum for temperature was recorded here today when the mercury touch 15 below zero at 3 a. m., in the fourth severe cold wave Denver and vicinity has experienced in a period of four weeks.

Extremely low temperatures were reported all over the Rocky Mountain region and the zero weather was accompanied in many places by high winds and heavy snowfall. Central Wyoming was in the grip of a blizzard, nearly a foot of snow fell in the western slope country of Colorado and train service and telegraph and telephone communication was demoralized in Montana, Wyoming, Nebraska and

SHIPMENT OF DOLLS SURVIVES WAR AND REACHES DESTINATION

For four years, while all Europe blazed about them a shipment of round cheeked, curly haired, perpet-ually smiling baby-dolls lay in storage in Rotterdam.

They were consigned to a New York house which had ordered them from the German manufacturer before the war and among them were several dozens which were intended to fill an order of the local firm of Hutchison and Gibney.

Recently the dolls reached their destination. The cost had advanced about 300 per cent over the original quota-

tions to the firm. With the exception of the "before the war" German dollies, American made goods fill the toy department at the H. and G. store. Roller coasters, "kiddie cars," sorts of mechanical devises to amuse the youngsters, sleds, wagons, everything to delight the boys and girls bear the stamp" made in America."

London, Dec. 10 .- The Servian government dissatisfied with the peace terms "is determined to defend all Servian interests forcibly," said a news agency dispatch from Belgrade today quoting a semi-official statement. The Servians contend they are afraid of "falling under the Magyar yoke again."

The attitude of the allies is "incomprehensible."

The Servian government is already taking steps to stop shipments of food into Hungary in reprisal.

The Servians complain of the loss of mines in the Petschuli district, which were allotted to Hungary and also the request that ships be given to the Danube commission. The Servian government is reported to be calling twelve military classes to the colors to resist further encroachments by Gabriele D'Annunzio and his Italian raiders, according to an Exchange Telegraph dispatch from Athens.

Leader in Evangelistic Forward Movement Makes Stirring Appeal.

Emphasizing the lack of business enthusiasm in the work of the church in the past, and touching on principles aiding in the promoting of this work in the future, E. Dow Bancroft, representive of the Cincinnati area of the Methodist church in its evangelistic forward movement addressed one of the largest church gatherings in the history of Xenia, Tuesday night. The meeting was started with a banquet at which 254 were present and was held at the First M. E. Church.

NOTICE TO ORGANIZATIONS ON ANNOUNCEMENTS

"Conserve newsprint or suffer a paper famine" has been the warning of paper mills to publishers for the past few months. This prediction is fast approaching actuality and in order to protect themselves and their customers, publishers have been forced to cut down their consumption of paper.

With this idea in mind the Gazette and Republican recently announced that a slight charge would be made for announcements of meetings which they had, prior to that time, printed free. Realizing that this ruling would work a hardship on many organizations, such as G. A. R., Social Service League and W. R. C., which had no fund to take care of this expense, these papers in the desire for co-operation and service wish to announce a new policy that will serve these

SENATE ASSAILS RAILROAD BILL; **VOTE DELAYED**

Washington, Dec. 10 .- Critics of the Cummins railroad bill launched a new and heated attack on various provisions of the legislation designed to meet conditions incident to the forthcoming return of the railroad prop-

Senators LaFollette, Republican, Wisconsin, and Dial, Democrat, South Carolina, led the renewed attack, and their discussion of the bill occapied virtually the entire session. The result was that the measure was no nearer passage. Leaders, however, expressed hope that a final vote would be reached before the end of the

During the debate Republican leaders of the senate and house conferred regarding holiday recess plans and leaders of the lower branch were assured that there is every prospect of having the railroad legislation sent to conference before the holiday recess, planned to begin Dec. 20. Final enactment is not probable, the leaders agreed, until after congress reconvenes next month. Confidence was expressed by the conferees, however, that President Wilson would await enactment of the legislation in January before turning back the properties.

In his attack on the bill, Senator LaFollette opposed immediate return of the railroads to private ownership as impracticable, urged a five-year extension of government control and charged that the pending measure was virtually for the benefit of the railroads. The measure, he said, would not improve conditions that have surrounded railroad operations in the past. If the roads are to be turned back, he contended, it would be better to do it without any legislation than under the provisions of the Cummins bill.

Senator Dial denounced especially the bill's provisions for a guaranteed return to the railroads of 51/2 per cent on their fair value and added that parts of the bill were "dreams" and illusions," as well as impracti-

Senator McKellar, Democrat, Tennessee, joining in the same criticism, asserted that the rate guarantee could not be enforced in the courts. Senator Curtis, Republican, Kansas, and Pomerene, Democrat, Ohio, defended the rate provision.

KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regurly can make a mistake by flushing the dneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get cluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly al rheumatism, headaches, liver trouble nervousness, dizziness, sleeplessness and urinary disorders come from sluggist

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot njure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood thereby avoiding serious kidney

You Can Tell Which People Have Iron in Their Blood—Strong

Healthy, Vigorous Folks— City Physician Says Ordinary Nuxated Iron Will Increase the Strength of Nervous, Run-down People in Two Weeks' Time in Many Cases.

Nervous, Run-down People in Two
Weeks' Time in Many Cases.

NE glance is enough to tell which
people have iron in their blood. They
are the ones that do and dare. The
others are in the weaking class. Sleepless
nights spent worrying over supposed ailments, constant dosing with habit forming
drugs and narcotics, and useless attempts to
brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trouble
is lack of iron in the blood. Without iron
the blood has no power to change food into
living tissue and, therefore, nothing you eat
does you good; you don't get the strength
out of it. When iron is supplied it enriches
the impoverished blood and gives the body
greater resistance to ward off disease.
Numbers of nervous, run-down people who
were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper
form. And this, after they had in some cases
been going on for months without getting
tenefit from anything.

If you are not strong or well you owe it
to yourself to make the following test: See
how long you can work or how far you can
walk without becoming tired. Next take two
five-grain tablets of ordinary nuxated iron
three times per day after meals for two
weeks. Then test your strength again and
see for yourself how much you have gained.
There is nothing like good old iron to help
put color in your cheeks and sound, healthy
flesh on your bones. But you must take iron
in a form that can be easily absorbed and
assimilated like nuxated iron if you want it
to do you any gobd, otherwise it may prove
worse than useless.

CHECK THAT COLD RIGHT AWAY

Dr. King's New Discovery has relieved colds and coughs for fifty years

It was an unusually high quality cold, cough, grippe, and croup remedy when introduced half a century ago. Not once in all the years since then has the quality been allowed to deteriorate. Its effectiveness in combating colds and coughs has been proved thousands of times in thousands of families. Taken by grownups and given to the little ones for the safe, sure treatment of colds and grippe, coughs and croup, it leaves absolutely no disagreeable after-effects. Artificial Ice.

The method commonly used for the commercial production of ice is to sink oblong metal boxes containing distilled or filtered water into tanks of salt water, through which run iron pipes. Then compressed ammonia gas is released in these pipes, which by its rapid expansion, produces an intense cold that freezes the water in the boxes into cakes averaging 200 to 300 pounds in weight. In cold storage the same process is used, minus the water. The iron pipes into which the compressed ammonia goes run on the side or top, or both, of the cold storage room and cause it to become freezing

THE REPUBLICAN TO BE ELECTED PRESIDENT NEXT YEAR.

"Coming events cast their shadows meters"-so that the Presidential cammage of 1920 is already largely filling the public eye. What a G od send it has been to our beloved country to have had so nany good and able Rulers. God grant that the future may be as kind to us in this respect as the past has been.

A Washington dispatch says: "Major General Leonard Wood and Frank O. Lowden, governor of Illinois, are the two men who have made the greatest strides in the campaign which will end when the Republican national convention casts its final ballot. Without a doubt General Wood has a much wider following than any of the announced candidates. but his support is of a general type and does not include extensive backing of the organization except in a few scattered instances.

Governor Lowden is looked upon by early arrivals for the committee eting as the man most likely to obtain the support of business interests, and is being mentioned almost exclusively as the organization can-

As to we of Ohio, our "favorite son," Hon. Warren G. Harding, now one of our U. S. Senators, seems to be somewhat handicapped by a movement of a few weeks ago when some prominent republicans took upon themselves to demand that he declare whether a candidate for the Presidency or for re-election as U. S. Senator. He took umbrage at this, and some hard feeling resulted. Senator Harding's first prominent introduction into national politics came when he made the nominating speech for Justice Hughes at the last National Republican convention. We note that his name as a Presidential candidate stands a good third in prominence at Washington this week. He is a newspaper man, editor of the Marion Star, and he will undoubtedly have considerable support from the

One of our brainiest Ohio business men, Colonel William Cooper Proctor, President of the great Proctor & Gamble Ivory Soap Company, Cincinnati, has announced his acceptance of the chairmanship of the Leonard Wood national campign committee. "GREAT HERRMANN" AND MINSTREL CO. TO BE AT OPERA HOUSE

Hermann and company, in a feast of mystery, magic, maids, music, song and dance, fun and frivolity, will appear at the opera house Friday evening, under the management of C. L. McClellan.

Felix Herrmann, is a nephew of Alexander Herrmann the great and is one of the leading magicians before the American public today. This season, however, he is varying his magic art with music, dancing and blackface art, since the opening of the show is a b'g minstrel p.oduction, for which Herrmann carries a large company with him.

Miller's band and orchestra furnishes the music in the minstrel first part in which Billy Heims of Edison phonograph record fame, plays a prominent part. The Ferraros, the Dancing Du-Browns, Mlls, Dazza, Doris LaRue and Bessie Smith, winner of the winter Garden medals as the most beautiful girl in America, convert the offering into a riot of vaudeville, fun, music and dancing.

Furs and Feathers.

From the dawn of human history furs and feathers have been used to satisfy our taste and need for clothing and adornment. Our most primitive ancestors were connoisseurs in the plumage of birds and the pelts of animals and admired them for their possibilities in furnishing himself and his family with raiment and adornment, and so do we.

GENERAL PERSHING **GIVES ENDORSEMENT** OF R. C. SEAL SALE

General John J. Pershing, commander of the American expeditionary forces, ha s written a strong etter to the National Tuberculosis association indorsing the Red Cross Christmas seal sale. These little stickers, sold each year during the holidays, are a big tactor in the fight against the white plague. This year more than 650,000.000 Red Cross Christmas seals will be sold in an effort to raise \$6,500,000 for the intensive educational campaign against tuberculosis conducted by the National Tuberculosis association

"It gives me great pleasure to heartily indorse the Red Cross Christmas seal sale being conducted under the auspices of the American Red Cross and National Tuberculosis Association," writes General Pershing. "It is deserving of loyal support and every success."

The local sale of seals is progress ing in good shape, with nearly \$100.00 taken in. More workers, and more seales however will be needed immediately if Greene county is to go over the top in the annual drive. Next week the school children will

be given seals to sell, in Xenia. In the county the schools are already disrosing of the stamps, and indications now point to the fact that the western part of the county will eclipse the eastern in the amount sold. Eighty per cent of the gross

ceipts will go to the local Social Service League for use in Greene county, and the balance will be turned over to the National Red Cross.

ARREST TWO THOUGHT IMPLICATED IN TOL BILLY DANSEY GASE

Hammonton, N. J., Dec. 10.—With a man and a woman in custody, further arrests were expected today in connection with the death of 3-yearold "Billy" Dansey, whose skeleton was found in Folsom swamp six weeks after his disappearance from his home on Oc-

The persons already under arrest are Charles S. White, next door ne. bor to the Danseys, and his housekeeper, Mrs. Edith L. Jones. Both denied knowledge of the crime. For fear that the people of Hammonton might undertake violent vengeance both were

lodged in jail at Mays Landing.

White is 29 years old and his three
year old son "Charley" was a playmate of the Dansey boy. White took an active part in the search for the missing land and led posses on several occasions that combed the nearby

GIRL IS CHARGED WITH MURDER

Columbus, O., Dec. 10-First degree murder is likely to be the charge olaced against Miss Ella Jackson, 24. former Sunday school teacher, here today for the murder of her newly born baby girl ten days ago.

Miss Jackson, who is colored, told the police that she saturated a cloth in carbolic acid, and wiped off the baby's lips. Then she dipped the rag into the poisonious acid again and placed it in the child's throat so that the acid could get into the baby's throat.

BEAVERCREEK TWP

Rev. Tapey, pastor at Beaver and Mt. Zion churches, after eleven years of services in that capacity has tendered his resignation in order that he may accept a call given him by a rural church in Indiana. His long service here has made him acquainted with most everyone in the township, and the nearer the close of his pastorate here the more keenly the friends realize how closely he was connected in the community life. He delivered the message of salvation; he spoke the "Magic Words," which bound two hearts as one; he it is who spoke peace to the dying, and comforted the sorrowing when they laid to rest their loved ones. The church will find his place hard to fill. No announcement has been as to his

Prof. D. S. Lynn, district superintendent of Beavercreek Township reports the schools of his district well up in their work, and the school board have decided to have Christmas holidays beginning Wednesday evening, December 24th and resume school work Monday, January 5, 1920.

With a determination approaching in magnitude that displayed by the "Old Guard" at Waterloo in their last vain endeavor to save Napoleon's crown when the fate of the world hung in the balance, the crack bas "Conservency ketball team from town" (Osborn) went down in defeat on the floor of the cow-shed Friday day night. After many futile attempts to stampede the local aggregation led by "Ben Shinney" "Goal John." The contest was a stubborn one throughout, each side working with might and main, and scoring many brilliant plays. The line-up of the two teams and the points made by each is as follows: Bellbrook, Anthony, R. F., 7 points; Cramer, L. F., 10 points; Turner, C. 6 points; Woods, R. G.; Finley L. G., 2 points. Total 25. Osborn, Massie R. G.; McCarty, L. G.; Vicking C.; Zeelars, L. F., 4 points; Coxs, R. F. 12 points. Total 16.

Cause of His Complaint.

"I don't like your heart action," the doctor said, applying the stethoscope again. "You have had some trouble with angina pectoris, haven't you?" "You're right in a way, doctor," said the young man sheepishly, "only that isn't her name."

SHIPMENT OF DOLLS

London, Dec. 10 .- The Servian government dissatisfied with the peace terms "is determined to defend all Servian interests forcibly," said a news agency dispatch from Belgrade today quoting a semi-official state-ment. The Servians contend they are afraid of "falling under the Magyar" yoke again."

The attitude of the allies is called incomprehensible." The Servian government is already

taking steps to stop shipments of food into Hungary in reprisal. The Servians complain of the loss of mines in the Petschuli district, which were allotted to Hungary and also the request that ships be given to the Danube commission. The Servian government is reported to be calling twelve military classes to the colors to resist further encroachments by Gabriele D'Annunzio and his Italian raiders, according to an Exchange Tele-
